1st Progress Presentation Report

Candidate's Name		Enrolment No.	
Faculty			
Program			
Thesis Title			
Date of Presentation			
GEC Member Name		Designation	
GEC Member's Email Address		Contact No.	

Guideline For Evaluator:

The outcomes of the 1st progressive may be Satisfactory, partially satisfactory or Unsatisfactory based upon the qualitative assessment done by the GEC on a prescribed Performa. The results should demonstrate the following:

- i. Key parameters of the study
- ii. Effect of input on expected outputs
- iii. Validation of results by comparing either with experimental data & theoretical model or with reference to the published results
- iv. Highlighting deviations/improvements and their justifications

<u>Checklist for 1st Progress Presentation:</u>	(√)
a. Literature review; any new development relevant to the proposed methodology since the time of the proposal defense	
b. Magnitude of the work done; status of targeted objectives (as per given timeline at the time of proposal defense) must be completed. In case of partially achieved objectives, due justification must be provided by the candidate.	
c. Preliminary results; in terms of development and implementation of the proposed methodology/Testbed/ verification platform/protocol design.	
d. Next target identification for the 2nd progressive.	

OVERALL STYLE AND ORGANISATION:

Please state not relevant, where appropriate.

1. The overall contents of the Progress Presentation as per given checklist:

Comments:

--

2. In terms of the Literature Review Presented
