

ZIAUDDIN UNIVERSITY

2nd Progress Presentation Report

Candidate's Name		Enrolment No.	
Faculty			
Program			
Thesis Title			
Date of Presentation			
GEC Member Name		Designation	
GEC Member's Email Address		Contact No.	

Guideline For Evaluator:

The outcomes of the 2nd progressive may be Satisfactory, partially satisfactory or Unsatisfactory based upon the qualitative assessment done by the GEC on a prescribed Performa. The results should demonstrate the following:

- i. Key parameters of the study
- ii. Effect of input on expected outputs
- iii. Validation of results by comparing either with experimental data & theoretical model or with reference to the published results
- iv. Highlighting deviations/improvements and their justifications

<u>Checklist for 2nd Progress Presentation:</u>	(✓)
a. Review Paper/ Preliminary results presented in at least a peer-review international conference or HEC-recognized X category journal (for Sciences) / Y category journal	
b. Completion of milestones as committed in 1st progress evaluation	
c. Observation(s) received by the panel in the previous evaluation are incorporated	
d. Current status of results is satisfactory and in the direction of the goal set for the study	
e. Bench work required (If any)	
f. Next target identification for the 3rd progressive	

OVERALL STYLE AND ORGANISATION:

Please state not relevant, where appropriate.

1. The overall contents of the Progress Presentation as per given checklist:

Comments:

2. In terms of the Literature Review Presented

Comments:

ZIAUDDIN UNIVERSITY

3. In terms of any new development relevant to the proposed methodology since the time of 1st progress presentation

Comments:

4. Completion of milestones as recommended by GEC in 1st progress presentation are incorporated in this presentation

Comments:

5. Status of the targeted objectives, in case of partially achieved objectives due to justification provided by the candidate

Comments

6. Identification of Experimental setup /Verification platform/ Protocol Design/ Algorithm Design

Comments

7. Current Status of Results in terms of Development and Implementation of the proposed methodology in the direction of the goal set for the study / Benchwork status (if any)

Comments

8. The Review Paper/ Preliminary Results Published of accepted in any HJRS/ ISI indexed Journal or Conference Proceedings:
