

Mega-ROX: The Mega Randomized Registry Trial Comparing Conservative vs. Liberal OXYgenation Targets

INFORMED CONSENT FORM

I (*relationship to participant*) _____ of (*Name of the Participant*) _____ undergoing treatment at Dr Ziauddin Group of Hospitals, hereby affirm and state as follows:

- I have read the written information for this study titled, ‘Mega-ROX-A clinical trial comparing conservative oxygen therapy to liberal oxygen therapy in mechanically ventilated adults in the intensive care unit.’
- I have had the opportunity to ask questions and I am satisfied with the answers and explanations that have been provided.
- I understand that participation in this study is purely voluntary and that we are free to withdraw at any time, without giving a reason.
- I have been informed by the study team that my relative’s de-identified clinical data will be analysed and used for presentations and scientific publications.
- I understand that we have not given up any of our rights by signing and receiving a copy of this form.
- I understand that the treating team and study team will inform me when my relative is able to understand and process information. They will also support me, if needed, to inform my relative about their participation in this study.

Optional: Receiving the results of this study

Only tick the box if you would like to receive the results of this study and agree for the research team to send the results to you using the contact details below: Phone: Email:	<input checked="" type="checkbox"/>
